

Leprosy of the Land

Project by Data Journalism Agency ([Texty.org.ua](https://texty.org.ua))

Polissya, North-Western part of Ukraine

This region has large deposits of amber, close to surface

World prices for amber surged since 2010

In 2016 there was a three-times increase comparing to 2010

In 2012 "amber rush" started

North-Western of Ukraine became "Wild North-West"
